OBJECTIVE

Pre-final year B.Tech student in Computer Science and Information Technology with strong skills in Java, HTML, CSS, ReactJS, Spring Boot, and DBMS. Seeking an internship where I can apply my frontend development knowledge, contribute to real-world projects, and gain practical experience in building scalable, user-focused applications.

EDUCATION

B.Tech in CS and IT, Mohan Babu University, Tirupati, Andhra Pradesh. *CGPA: 9.17/10.0* *2023- 2027*
Relevant Coursework: DBMS, Operating Systems, Computer Networks, OOP.

Intermediate (MPC), Narayana Junior College, Tirupati. *Marks: 980/1000* *2023*
Board of Intermediate Education, Andhra Pradesh.

TECHNICAL SKILLS

Programming	Java.
Web Development	HTML, CSS, JavaScript, ReactJS, Spring Boot.
Databases	SQL, MongoDB.
CS Subjects	Data Structures and Algorithms, OOP Concepts, Operating Systems, Computer Networks.

PROJECTS

AI-powered Resume Analyzer *Major Project — Full Stack Web Application*
Technologies: ReactJS, Spring Boot, Google Gemini API, TF-IDF, Cosine Similarity
Developed a full-stack web application that analyzes resumes and matches them to job descriptions. Integrated Google Gemini API for skill extraction and implemented TF-IDF with cosine similarity to calculate precise, skill-based match scores. The system provides intelligent insights to help users evaluate resume-job fit.

Scam Shield *Mini Project — Machine Learning*
Technologies: ReactJS, HTML, CSS, Firebase Authentication, Genkit, TF-IDF Algorithm
Developed a web-based system that detects scam job or internship emails. Users can upload or paste email content, and the model predicts whether it is fake or genuine. Implemented machine learning using the TF-IDF algorithm for text analysis, integrated Firebase for authentication, and built the frontend with ReactJS for an interactive user interface.

CERTIFICATIONS

- Completed Certification in **Full Stack Development** from **L&T**.
- Completed Certification in **DevOps** from **L&T**.
- Completed Certification in **System Architecture and Engineering** from **L&T**.
